Dear Tony:

It is my understanding that the FDOT and Leon County has had a verbal agreement concerning the transfer of Pond #1 and Pond #4 on the above mentioned project. Attached is a written agreement that reduces this understanding to writing.

Please have the agreement executed by the proper authorities for Leon County and return to us for recording. I have attached copies of the transfer documents that will be recorded by us as soon as we receive the executed agreement.

If you have any questions, please give me at call at (850) 638-0250, Ext. 304.

Sincerely,

John Duncan
